

# BIKONCEPT

# La nostra mission è realizzare porte eccellenti che entreranno a far parte delle case arredate col migliore stile e gusto.

*Our mission is to make excellent doors that will feature in the most tastefully and stylishly decorated houses.*

I nostri clienti sono tutti importanti e dedichiamo tutto il nostro impegno, ogni giorno, per dar loro un prodotto dalla qualità superiore con costi accessibili. Prestiamo la massima attenzione alle aspettative dei nostri clienti, che sognano, progettano ed immaginano la loro casa, in cui investono tempo e risorse. È per noi motivo di grande orgoglio far parte di quei sogni.

Il nostro cliente è colui che ci consente ogni giorno di creare nuovi posti di lavoro, innovare ed investire ogni nostra risorsa per migliorare e far crescere il nostro brand nel mondo.

Le porte per noi, non sono semplici oggetti, ma creazioni di abiti sartoriali "su misura" che dovranno calzare nella casa dei nostri clienti rasentando il limite della perfezione.

Ci pregiamo del marchio Made in Italy e lo siamo in ogni componente, nella materia prima, nel design e nella produzione: tutto il nostro prodotto è creato e realizzato in Italia.

Le originali Bertolotto. È la sintesi del nostro modo di lavorare e del nostro successo.

Tutto questo grazie alla fiducia dei nostri clienti, oltre 1,5 milioni di famiglie sparse in oltre 40 paesi del mondo.

*All our customers are very important people and our daily energies are all focused on providing them with a superior quality product at an affordable price. We pay the utmost attention to our customers' expectations: they dream, plan and imagine their homes where they invest their time and resources. We are very proud to be a part of those dreams. For us a client is a person who allows us to create new jobs, innovate and invest all our resources on a daily basis so that we can improve our brand and spread it throughout the world. For us doors are not just objects, they are rather "made-to-measure" one-off creations that will perfectly fit our customers' houses and will reach out almost the perfection. We are honored to have a Made in Italy brand that concerns all the components, from raw materials to design and manufacturing: our product is entirely designed and manufactured in Italy. Original Bertolotto doors are the synthesis of the way we work and why we are successful. All of this thanks to the fact that customers trust us and they are more than 1.5 million households located in over 40 countries throughout the world.*
